

EIGHTH ANNUAL JOSEPH MILLER ABSTRACT PHOTOGRAPHY EXHIBIT MAY 5 – MAY 28, 2018

HISTORY OF ANNUAL ABSTRACT EXHIBIT – Since May 2011 when the First Annual Joseph Miller Abstract Photography Exhibit was held, this yearly artistic exposition has continued to grow in popularity as well as success, and in the process, has become the premier Spring event in the greater photographic community. The Seventh Annual Exhibit received submissions from 91 photographers representing NVACC clubs and affiliated groups, along with additional entries from non-affiliated photographers across the United States and abroad. The 2017 Joseph Miller Exhibit once again displayed a dazzling variety of talent, skill, creativity and imagination in photographic artistry, and continues to stand as a testament to an ever increasing interest in and love of abstract photography due in large part to the efforts of its founder and namesake.

PROSPECTUS & CALL FOR ENTRIES

ELIGIBILITY– All Interested photographers, whether members of NVACC clubs or not, are invited to submit photographic images for inclusion in the exhibit.

- Entries **MUST** originate as photographs (image-capture of objects via light sensitivity) made by the entrant.
- All photographic techniques are eligible for consideration but no mixed media, photo collages or videos are allowed.
- Work from any year may be submitted and must be the original work of the photographer.
- The photographer may alter images, either electronically or otherwise.
- Images juried into previous Joseph Miller Abstract Exhibits are not eligible.

SUBMISSION – Two (2) methods are available for submitting images for consideration: the first method (preferred) is uploading images through the [NVACC website](#), where entry fees can be paid using a

credit card or PayPal. Entrants are not required to have a PayPal account for payment by credit card.

A second alternative is to create a CD and mail it directly to the Joseph Miller Center for the Photographic Arts, 4811 Catharpin Road, Gainesville, VA 20155. Photographers submitting CDs through the US Postal Service should complete the **ENTRY FORM** below, supplying the information requested for each image submitted. Please include this form and a check for entry fees along with the CD, and be sure entries are mailed early enough to reach the Center no later than **Friday, February 23, 2018**. Before sending in, also verify that the CD is readable and not damaged. CDs will not be returned.

All images to be considered for the exhibit must:

- Be submitted as JPEG images at a resolution of 1024 pixels on the longest side.
- Be JPEG files smaller than 2MBs.
- Be JPEG files named with the artwork title. Please avoid using special characters, such as @, &, %, etc in the filename. Numbers, spaces, dashes and underscore are acceptable characters. Example: Hillarys Bag.jpg (rather than the artwork's actual name of "Hillary's Bag").
- Not have any border or embedded marks or logos.
- Not have the maker's name anywhere on the front of the image, whether on the mat or photographic print.
- **Have a completed label on the back of each print** (see guidance on the entry form).
- Have a label on the CD (if submitted through USPS) with the names of the artwork included.
- Not have the maker's name on the CD (if submitted through USPS).

Please note: Unless there is a written objection by the photographer, images that are juried in to the exhibit may be posted on the NVACC.org website with a copyright statement and credit for the photographer.

DEFINITION OF ABSTRACT - Photography is visual writing, usually depicting familiar subjects such as landscapes, animals, birds, people, architecture, flowers, etc. Conversely, abstracts are non-representational and do not rely upon recognizable subject matter, but rather consist of colors, tones, shapes and textures. If the image has an obvious subject, it is NOT an abstract. Abstracts may be “**created**” or “**found**.” “Found” abstracts generally require some isolation in order to render the subject unrecognizable. Abstracts are the poetry of photography, free verse written in color and tone producing feelings of mystery regarding what the image is and what it is trying to say. Abstracts are an art form, and like other works of art, are felt as well as seen. Some consider abstracts difficult to master or even to understand because of the lack of a subject to “carry” the image. All participants are encouraged to find and create abstract photographs in camera rather than relying on the help of software programs. (For additional information about abstracts, go to the [NVACC website](#) and click on [Joseph Miller’s Page](#)).

JUROR – Joseph Miller has been a well-known photography teacher / mentor, lecturer, writer and judge in the photographic community of Northern Virginia (and beyond) for over 50 years. His Center for the Photographic Arts, opened in 2003, was designed for teaching classes and workshops, and contains a gallery that displays a permanent collection of works by local photographers as well as the largest collection of work in the U.S. by the internationally renowned photographer, Freeman Patterson.

ENTRY FEE – A \$25.00 entry fee is required to submit up to three (3) images for jurying, and a supplemental fee of \$25.00 for up to three (3) additional images can be paid. No more than six (6) images will be accepted per photographer.
